 PATENTS & DESIGNS REGISTRIES

Dear Sirs,

Re: Proposal in relate to Patent, and Application.

My submission are layman's proposal and idea, and have no knowledge whether they are correct and or already existing, otherwise helps to improve service from your department.

A: Students, Elderly, and Handicap Citizen's Schedule:

- 1: An advantages Fees on application and renewal.
- 2: The filing of prime idea of rough and draft schedule, if needs further service provides costs in account of Standard Patent Application Preparation, after the Committee approved its value and patentable property, and such costs involved in account will be secured and pledged of submission and Patent Grant with licensing right to set-off advances in account, and or released after all payments advance have settle, applicant liable until full payment in account have settle, and from licensing incomes fair to level advantage advanced fees and costs.

B: Committee :- Set-ups

1: Patentable Elevation Committee :- offer services to Draft Idea submission and Patent applicants rating patentable possibilities or reasons of existing art, impossible function arts, etc. The decision to applicant if apply advancing further funds for their application.

2: Licensing Committee:-

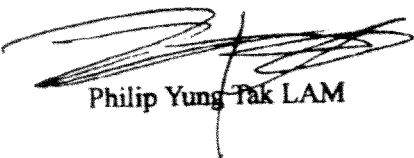

Service provides at costs on licensing service to public on those Patent Granted recorded agreed for to disclose accept licensing by Patent holders and or Patent under security and advanced.

3: Industrial Motion Committee:-

With acceptance of Patent Licensing in record, merge and seek promote to party and Industrialist invest and develop into Product and revenue from industry. Promotion in Fairs, and Exhibition, website disclosing Patents accept Licensing, etc.

My submission for your idea and consideration hope it helps. Best Regards,

Sincerely yours,

Philip Yung Tak LAM

Dear Sirs,

Re : Proposals for Patent, and Application Improvement

My submission as layman view, and hope idea can improve Patent motions

- 1: Attaching copy of my letter dated 5th Dec., 2011 to Intellectual Property Department concern to my view concern internal development and explore concern to Patent and application.
- 2: There are further views for external linkage, knowledge improvement for interest citizen in this Industry.

A:- International Registry Service of Patent and Application:-

Hong Kong as International City and have capacity and condition provides above services. With an arrangement of Mainland China Authority to WTO for international countries acceptance, and this is an alternative route to PCT level facilities provides without conflicts.

B: Knowledge Improvement for Citizen interest in this Industry :-

Promotion and introduction to Citizen interest in this Industry Where and or Perhaps Websites can search Patent's Database Internationally and individually country, from where increase interested citizen their knowledge on others existing Arts or Patents.

My submission herein as layman view which might or existing in your planning.

Best Regards

Sincerely yours,

Philip Yung Tak LAM
